

Lee Pichette

Co-Founder

Goal AI

Providence, Rhode Island

Lee Pichette is the Co-Founder and President of Goal AI. He has spent his career building the systems and communities that help people change their behavior. Lee was previously SVP of Strategy at The Predictive Index, a talent optimization platform used by thousands of companies to understand their people and build high-performing teams. Earlier, he was a product leader at ShapeUp, one of the original pioneers of wellbeing challenges.
